CONTENTS

A.J.W. Evans & C. Firer	1	The Impact of Technological Risk on Capital Budgeting in the Chemical Industry
David L. Anderson	11	Japan's Coking Coal Procurement System: Overview and Description
David L. Anderson	23	Japan's Coking Coal Procurement System: An Evaluation
John C. Brower	37	Conflicting Objectives of L.D.C. Governments and Mineral Companies
E. W. Brooman, J. W. Hurwitch & A. R. Landgrebe	53	Research Needs for Corrosion Control and Prevention in Energy Conservation Systems, I: Problem Definition
E. W. Brooman, J. W. Hurwitch & A. R. Landgrebe	65	Research Needs for Corrosion Control and Prevention in Energy Conservation Systems, II: Identification of Needs
Walter R. Hibbard, Jr.	85	A Study of the Virginia Coal Industry
Walter R. Hibbard, Jr.	131	Materials and Society Book Review
	I	Software Survey Section

Volume 11, Number 2 1987

CONTENTS

John E. Newman	v	Foreword
Ronald F. Balazik and Barry W. Klein	135	The Challenge of New Materials
Joseph K. Lees	143	Advanced Composite Materials: A Strong Growth Industry
Earl E. Conabee	161	Developments in the Advanced Ceramics Industry
William D. Spiegelberg and Nathan L. Church	165	Beryllium Minerals and Products for a Changing Marketplace
Ron M. Haeberle	179	Development of Mechanically Alloyed Products for Advanced Materials Applications
Alfred Petrick	189	Some Positive Aspects in Today's Mineral Industry
Robert A. Bonewitz	193	Advanced Materials, Products, and Manufacturing Processes--A Challenge to the Metals Industry

Volume 11, Number 2 (Continued) 1987

CONTENTS

K. K. Kappmeyer	205	Steel/Auto Partnership: A Blueprint for Competitive Advantage
Johannes P. Schade	217	The Challenge of the Marketplace--The Response of the Nickel Industry
Eric L. Hyman	239	The Comparative Merits of Ferrocement as a Substitute for Wood in Fishing Boats
Walter R. Hibbard, Jr.	255	Materials and Society Book Review
	I	Software Survey Section

Volume 11, Number 3 1987

CONTENTS

Walter R. Hibbard, Jr.	i	Editor's Note
Raymundo M. Valdes	259	Substitution in the Insulated Cable Market: A Study of Copper-Aluminum Materials Substitution
W. Thomas Goerold	279	Environmental and Petroleum Resource Conflicts: A Simulation Model to Determine the Benefits of Petroleum Production in the Arctic National Wildlife Refuge, Alaska
Horst Czichos	309	Strategic Materials - Technological Relevance and International Concepts
David Humphreys	333	Perspectives on Intensity of Use
Timothy J. Considine	349	Understanding Trends in Metal Demand
R. R. Beebe & N. Arbiter	371	New Hope for the U.S. Copper Industry
Mark C. Roberts	391	The Consumption of Metals and International Trade
William A. Vogely	407	Major Metal Market Structure
	I	Software Survey Section

Volume 11, Number 4 1987

CONTENTS

Walter R. Hibbard, Jr.	i	Editorial
Arden L. Bement, Jr.	415	The Greening of Materials Science and Engineering
T. Randall Curlee & Sujit Das	433	Microwave Sintering of Ceramics: A Preliminary Assessment of Energy Conservation and Economic Feasibility
Francisco Lanna Leal	445	Technological Development of the Brazilian Steel Industry
Evert Nieuwlaar	465	Options for Energy Conservation in Agricultural Production
Don Groves	475	Materials, Society and the World's Oceans or Some Tools to Unlock Ocean Mysteries
Raymond L. Smith	481	Minerals and Metals - The Great Hope for Recovery
Walter R. Hibbard, Jr.	489	An Abridged History of the Southwest Virginia Coal Industry
